5 penalty.

Analysis by the Legislative Reference Bureau***Prohibition against smoking***

Current law prohibits smoking in most indoor areas that are accessible to the public unless there has been a specific area that has been designated a smoking area. Under this bill, designated smoking areas may no longer be permitted in any public place or place of employment with exceptions for private residences, designated rooms in lodging establishments, certain retail establishments selling tobacco, and certain retirement homes. The bill defines “a place of employment” to be any indoor area that employees normally frequent during the course of employment such as an office, a work area, an employee lounge, a restroom, a conference room, a meeting room, a classroom, or a hallway. Other locations where smoking areas may no longer be permitted under the bill, regardless of whether they meet the definition of “place of employment,” include the following:

1. Mass transit vehicles and school buses.
2. Schools and other educational facilities.
3. Residence halls and dormitories of colleges and universities.
4. Day care centers.
5. Inpatient health care facilities, such as community-based residential facilities and nursing homes.
6. Prisons, jails, and juvenile correctional facilities.
7. Mental health institutions and hospitals where the primary purpose is the treatment of mental illness, alcoholism, or drug abuse.
8. Centers for the developmentally disabled.
9. Restaurants and taverns, as described below.
10. Retail establishments.
11. Public waiting rooms.
12. Governmental buildings.

Current law also provides exceptions from the prohibition against smoking for bowling centers, halls used for private functions, for rooms in which the main occupants are smokers, and for areas of facilities that are used to manufacture or assemble goods, products, or merchandise. This bill eliminates these exceptions.

Current law allows smoking in any restaurant that has a seating capacity of 50 individuals or less, or that holds a liquor license, if the sale of alcohol beverages accounts for more than 50 percent of the restaurant's receipts. This bill prohibits

ASSEMBLY BILL 834

smoking in any restaurant regardless of seating capacity or the number of liquor sale receipts.

Current law allows smoking in any tavern holding a “Class B” intoxicating liquor license or Class “B” fermented malt beverages license, issued by a municipality (liquor license). This bill prohibits smoking in any tavern.

Enforcement

This bill requires that persons in charge of places where smoking is prohibited enforce the prohibitions by taking certain steps to ensure compliance, such as asking the person to leave or refusing to serve the person if the place is a restaurant or tavern. This bill imposes forfeitures on persons in charge who fail to take these measures.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.
